

26 October 2005

It is a pleasure to invite you, your colleagues, and fourth year honours thesis students in your department to the 19th Ontario Biology Day on 18 and 19 March 2006. Ontario Biology Day is an annual meeting where undergraduate students from Ontario universities present the results of their honours research projects. Ontario Biology Day 2006 will be hosted by the Biology Department at The University of Western Ontario, March 18 and 19. This event is an excellent opportunity for your honours thesis students to present their research findings and network with other researchers. This is also an excellent opportunity for your colleagues to meet and recruit future graduate students.

Further details and future announcements can be found at
<http://www.uwo.ca/biology/ontariobiologyday/>

We ask that you distribute this invitation to your students and your colleagues. I look forward to seeing you here in London.

Best wishes

M.B. Fenton
Professor and Chair
