

### Gupta Lab Equipment Training Record

Microcentrifuge								
Fume hood centrifuge								
Beckman Centrifuge								
Electrophoresis Apparatus								
Multi-image Light Cabinet (UV imaging)								
Natural Gas and alcohol burners								
Hot plate stirrer								
Dissecting stereoscopes								
Nomarski Microscopes								
Micro-injection system								
Needle puller (Narishige)								
Fluorescence Stereoscope								
Autoclave								

Nanopure water system								
Thermocycler								
Computers and printer								
-20C & -80C Freezers
